

CITY OF BEAUFORT
1911 Boundary Street
BEAUFORT, SOUTH CAROLINA 29902

**City of Beaufort
RFP 2021-104
Washington Street Playground
Addendum 4
Questions and Answers**

- 1. Q. What type of protective surfacing will be considered?**
A. Playground mulch will most likely be used. We really want something with lower maintenance, but we realize there are limitations due to the \$37,000 budget.
- 2. Q. Are we required to use borders for this playground area?**
A. Yes.
- 3. Q. Should the borders be connected to an ADA ramp?**
A. Yes.
- 4. Q. The site plan shows the area for the playground but does not show the size.**
A. The playground site plan (Attachment A) is drawn to scale and is labeled one inch equals sixteen feet.
- 5. Q. Are benches shown on the plan to be included in the proposal?**
A. Yes, one to two benches should be sufficient.
- 6. Q. Do you want shade for the benches?**
A. No. The shade from the existing trees should be sufficient.
- 7. Q. Can the existing low hanging trees be cut back?**
A. Yes. The City will prune the trees.
- 8. Q. Are we to provide borders for the entire area or just the playground?**
A. The borders can be smaller as long as the fall zones are enclosed. And consider the benches and mulch in relation to the border size.

Additional Information:

- **A 5-12-year-old structure is to be installed on the site soon.**
- **The City would like to see inclusive play structure features such as age appropriate, toddler level activity panels in the design.**
- **The City would like the contractor to provide ideas for the local neighborhood community involvement in the installation process.**
