Questions and Answers related to RFP 2018-106
Henry C. Chambers Waterfront Park Relieving Platform Project

1. Qualifying statement on the use of the FiveStar Product. **FiveStar was selected as the supplier for pile encapsulation due to our belief that they provide a superior product which will meet or exceed the performance requirements of the project. This decision was based on material specifications provided by FiveStar and other manufacturers. Specifically, the high strength and low chloride ion permeability of FiveStar Underwater Structural Concrete Pump Grade.**
2. Will access to fresh water be provided? **There is a Fire Hydrant that is near the H Dock at the Marina. The Contractor can arrange to have a temporary meter installed by Beaufort Jasper Water & Sewer Authority to access fresh water. There is also a hose bib that belongs to the City near the project site that is also accessible.**
3. Will the bidders be held to the same unit prices contained in their proposal over the next four years? **Unit prices on future repairs to the pilings will be negotiated and within reason to the unit prices submitted through the bid form.**
4. Please provide the Cruise Ship schedule and the Waterfront Park event schedule. **Please see attached.**
