

RFP2012 Zoning and Mapping

Addendum #1

March 20, 2020

1. How and when was the district's last enrollment projection?

Public Pathways, Inc. provided our last enrollment projection in October 2019. Birthrates, demographic make-up of neighborhoods, local and regional economic and housing trends, and boundary changes were utilized. Data was collected using a Cohort Survivorship Model.

2. How is the district managing attendance lines, and attendance line scenarios today?

At this point, the district utilizes VersaTrans to assist with managing attendance lines.

3. Can you expand on *must interface and work in conjunction with the Spartanburg County GIS*?

Spartanburg County GIS provides the most up to date and accurate mapping system of our county. We want the program to pull from this information in order to ensure that we are utilizing the most current data available.

4. Can you confirm is the required onsite training for 3 or 30 people?

The training will be for up to 30 people.

5. In light of "social distancing" in place right now, would the district accept an emailed version of the RFP response document rather than hardcopies?

The District will accept emailed proposals. They must be emailed to Kacey.Austin@spart2.org and received by 2PM EST on the proposal due date.

6. What is the estimated budget for this project?

There is no estimated budget.

7. Can companies from Outside USA apply for this?

If they can comply with all terms and conditions of this bid. We require in person training and a support person dedicated to our account.

8. Do we need to come over there for meetings?

Yes.

9. Can we perform the tasks (related to RFP) outside USA?

Possibly. Please be sure to include the ways distance barriers will be overcome in your proposals.
