

WILLIAMSON COUNTY GOVERNMENT

Addendum #2 Parks and Recreation Shirts Bid Date September 2, 2021

Williamson County has received the following questions:

1. On the Bid Specification page it is listed "The following specifications will apply to all shirts ordered by the Williamson County Parks & Recreation Department from the date of the award through June 30, 2022 on an as-needed basis. However, the Firm Fixed Price Contract page mentions "The fixed price shall be for a period of 2 years from the date this document is fully accepted". **That date could be August or September 2023. Please confirm which date this award would run through.**

This is a sample agreement. The final agreement will state the specific dates. This contract will end on June 30, 2023.

2. On the Bid Specification page it is listed "These orders will be placed at various times throughout the year, and may be small orders (149 shirts or less), large orders (150 or more shirts)". **On your template there is not room available for 2 prices. Please advise how this should be submitted.**

We are not asking for different pricing based on size of order, just shorter delivery time for orders 149 shirts or less.

3. On you fixed Price Contract page. **Does this bid request refer to the t-shirts only or to everything that is might be purchased from successful bidder? If this only refers to the t-shirt bid, can this page be modified to reflect this so there is no ambiguity?**

This is a sample agreement. The final agreement will state that it is for t-shirts.
