MEDICAL ADMINISTRATIVE SERVICES

QUESTIONS & ANSWERS #2

1. In the documentation there are two claim files. Can you confirm the one not labeled as BCBS is the claims associated with the current TPA? Also, can you confirm the time-frame it covers? Is the request for us to combine these files into a single repricing or reprice them separately?

Answer: The one that isn't labeled is from the current TPA, MedBen. The time frame for that report is 7/1/19 – 1/27/20. Combining them into 1 single file is fine.
