

## RE-BID #2: Hurricane Protection System

### Addendum #1

(posted August 31, 2017)

1. Can you please verify if bid bonds, performance and payment bonds are all required for this project?

Performance and bid bonds are not required for the project.

2. In section 1.12 where it states all contractors shall be properly licensed. Are you requiring a SC contractor's license?

A contractor's license is not required, but a Town of Summerville business license will be prior to performing the work.

3. In section I-B, it looks like the specifications have the Armor Screen hurricane protection product specified. Are substitutions acceptable?

We will accept substitutions provided they meet or exceed the specifications.
