1	Due to the current market laundry vend prices in the Knoxville/East Tennessee area, is it okay to go ahead and use \$1.25 vend prices when calculating our numbers for the 2016 Laundry RFP? Or should we keep the prices at the current vend price of \$1.00? This would make a noticeable difference in our bonus amounts, etc.
	You may add the \$1.25 and associated rebate/bonus amounts as an option. Please quote the stated \$1.00 as the base.
