**Addendum #02
November 29, 2021**

**RFP 22-R0012
Pest Control Services**

The purpose of this Addendum #02 to RFP 22-R0012 for Pest Control Services, dated November 5, 2021, and previously amended on November 15, 2021, is to answer the following questions that were received by the question deadline:

1. The bid asks for an "Offeror proposal price for termite treatment" and then an "Offeror proposal price for termite bond." We presume that the initial treatment price will be under termite treatment and the annual renewal price would be under termite bond. Is this correct?

"Offeror proposal price for termite bond" is the initial treatment. "Offeror proposal price for termite treatment" is the annual treatment.

2. Evidence of pesticide applicator license for company and each employee who will perform service is required. Most of our employees work under our manager's DCA license. We can provide our verifiable training cards that Clemson issues to each tech that works under his license.

The company must have a Commercial Pest Control Operator License. At least one employee must have a Certified Pesticide Applicator License, category 7A (Structural Pest Control.) Other employees must have verifiable training and work under the direct supervision of the employee who holds the Certified Pesticide Applicator License. Evidence of ALL licenses and verifiable training must be submitted with the proposal.

3. Regarding the Law Enforcement Center, will detainees be evacuated from their cells while service is being performed?

All cells will receive treatment on the outside. Only those cells that are unoccupied at the time of service rendered will receive treatment on the inside.

4. Will the Myrtle Beach Convention Center be required as part of the Statement of Work?

Yes, the Myrtle Beach Convention Center will be required as part of the Statement of Work. That page was omitted from the original document. The correct page is attached and is hereby made a part of this addendum. Offerors are required to submit the page for the Myrtle Beach Convention Center with the original Statement of Work.

5. We cannot find the Employee Health Clinic on Howard Parkway. Has this location moved?

No, the Employee Health Clinic has not moved. It is located at 3127 Mr. Joe White Avenue, Myrtle Beach, SC 29577. The Howard Parkway address was typed in error. A corrected page for the Employee Health Clinic is attached and is hereby made a part of this addendum.

6. The Grand Strand Humane Society is not included in the Statement of Work. Why is this location not being requested?

The Grand Strand Humane Society building is currently receiving rodent control service by a specific vendor through a separate contract. At some point in the future, as yet to be determined, the building will be relocated. Once the new building is established, treatment scope and pricing will be negotiated with the selected Offeror. This is addressed in the solicitation documents on page 27, under the heading of Changes in Service.

Sealed proposals are due no later than Wednesday, December 8, 2021 at 2:00PM (local time.) No electronic submissions will be accepted. The City is not responsible for late or misdirected mail.

Thank you,
City of Myrtle Beach
