**Addendum #02
October 20, 2022
IFB 23-B0019
Replacement Shade Sails for Myrtle Beach Boardwalk**

The purpose of this Addendum #02 to IFB 23-B0019 for Replacement Shade Sails for Myrtle Beach Boardwalk, dated October 20, 2022, is to update questions and comments from Pre-Bid Informal Conference dated October 20, 2022 10:00 AM Local Time. It was confirmed that there was only the four (4) colors to be used which is in the specifications. The paint used for touch up of the poles can be from another paint manufacturer, however it must be an equal to what is on the poles currently and in the specifications. It was confirmed that the Installer is responsible for all equipment used in the project. It was stated that the Installer will re-use the brackets unless they are damaged or corroded. It was mentioned that it will be up to the Installer if they take all the shade sails down at once or one by one to replace. And it was noted that the City would like the shade sails replaced by Easter 2023, contingent upon manufacturing and delivery lead times. Bids will be received until 2:00PM (local time) on Monday October 31, 2022.

Please send in your proposal as a sealed bid to the address below:
City of Myrtle Beach
3231 Mr. Joe White Avenue
Myrtle Beach, SC 29577
