**Item:** Bruder Theatre Lighting System Upgrade  
**Agency:** Emporia State University (ESU)  
**Location:** Emporia, KS 66801

### Questions received prior to the deadline of October 15, 2020 2:00 p.m. CST:

**Question:** The RFP includes an Architectural Control rack and stations. Is there an existing system that will be removed?

**Answer:** We are looking to replace just the dimmer units, so the rack should remain in place. We believe the new control stations would require the removal of the old ones.

**Question:** Is there conduit in place to the stations and back to the new Architectural rack location?

**Answer:** Yes, there is conduit.

**Question:** Do we need to provide the electrician for the power to the Architectural Control Rack, conduit, wire pull, etc.?

**Answer:** Yes, you would provide the electrician.

**Question:** What is the time frame for completion of the work?

**Answer:** Ideally, we would like to have this completed by the end of this calendar year, but a hard deadline is January 22, 2021, before the start of the spring semester.

**Question:** What is the estimated construction budget?

**Answer:** \$24,000

**Question:** Are union bids required?

**Answer:** No

**Question:** Can I get a copy of the plan holders list?

**Answer:** We do not give out a list of bidders prior to the closing of the RFP. After that time, you can request a copy of the tab sheet per the procedures outlined in the RFP document.

**Question:** Can I get a copy of the addenda?

**Answer:** This Addendum No. 1 is the only addendum posted at this time.

**Question:** Will you still be closing the bidding on October 22<sup>nd</sup>?

**Answer:** Yes
