

Questions & Answers

Signage for Foley Event Center Requisition No. FST-051624

1. Can you confirm if the below clause applies of this Requisition, "**Contractor must be licensed under the provisions of Title 34, Chapter 8, Code of Alabama, 1975, and must possess a current State of Alabama General Contractors Board Certification**"

If the estimate for this project is \$50,000 or more, an Alabama general contractor's license is required. I've attached a "Reciprocity Statement" which may be helpful but I would advise you to contact the Alabama General Contractor's Board directly if you are not certain.

2. Can you provide an artwork or vector art file for Foley Sports Tourism Complex depicted on the monument sign provided on page 11.

A pdf of the new logo that would be used on the signage has been saved to the files for this project.
