ADDENDUM 003

19-B0015

LED Field Lighting

August 24, 2018

The following questions have been asked and answered:

1. It was mentioned in the pre-bid that the control system installed, whether a wired or wireless system, should provide theatrical effects for home runs, player intros, and special events. Is this what the City is requiring?
 - A. Yes, plus we would like the opportunity to choreograph to music the 7th inning stretch and must supply the training to all staff members.
2. How many years of experience should your company have in sports lighting?
 - A. Minimum of 10 years, electrical and sports lighting company.
3. Does your company have to have a certain number of established years in business?
 - A. Yes, 10 years or more as the same company name, electrical and sports lighting company.

Thank you for your interest in this project.
