ADDENDUM NUMBER 2 TO THE BID DOCUMENTS

Amendment Date: August 24, 2023

BID DOCUMENT: Howe Road Park Improvements Phase 2

A. This Addendum shall be considered part of the bid documents for the above-mentioned project as though it had been issued at the same time and shall be incorporated integrally therewith. Where provisions of the following supplementary data differ from those of the original bid documents, this Addendum shall govern and take precedence. BIDDERS MUST SIGN THE ADDENDUM AND SUBMIT IT WITH THEIR BIDS.

B. Bidders are hereby notified that they shall make any necessary adjustments in their estimates as a result of this Addendum. It will be construed that each bidder's proposal is submitted with full knowledge of all modifications and supplemental data specified herein.

Except as described below, the original bid document remains unchanged. The bid documents are modified and/or clarified, as follows:

QUESTIONS:

- a. Question from prospective Bidder: "There is no invert shown on the Sanitary Sewer on C-107, so we don't know a depth to figure. Can this be provided?"
- b. Response: The nearest sanitary manhole with elevation data on the survey is in the existing parking lot (Manhole H) with inverts flowing north of 1104.72 and south at 1104.82. There is no elevation data for the sanitary line to the south. Therefore, the elevation at the connection point can only be estimated to be in the range of elevation 1105 to 1106. Contractor is to field verify the depth at the connection point.

GENERAL:

1. **Bid Form** – Section IV: Proposal and Signature Page
 - a. Replace these pages with the attached. Changes are:
 - i. The elimination of the duplication of Earthwork and Clearing
 - ii. Change of the quantity of units for the 1" water line
 - iii. Omit the Concrete Parking Spaces (Vehicular) (included with the Asphalt Road, Parking Asphalt & Aggregate Base). Quantity of Asphalt also changed.

CHANGES TO SPECIFICATIONS:

1. None

CHANGES TO DRAWINGS:

1. C-103: Layout and Materials Pan – Dog Park

- a. The ADA parking spaces (coded Note #6) are to be constructed of Vehicular Asphalt as shown on Detail A3/Sheet C-501.
