**Addendum I  
Answer to Questions**

**QUESTION 1:**

Can the proposal submission date be extended due to inclement weather and power outages being experienced around the country?

**Answer:** The AAMU Presidential Search committee has approved a (2) two week extension of the proposal submission deadline because of the nationwide weather emergency being experienced. Power outages and delivery service delays have caused issues for some proposals to be submitted timely. All sub-sequential dates with regards to evaluating proposals and awarding of a contract will be extended as well.

The submission deadline date has been changed to **March 4<sup>th</sup>, 2021 @ 5 p.m. cst.**
