

## WILLIAMSON COUNTY GOVERNMENT

### Addendum #1

### Williamson County Community Development Safety Action Plan Due August 15, 2024, 2:00 p.m.

Williamson County has received the following question:

**Q:** The RFQ mentions that NEPA work should be completed by December. Given that this plan will be a master plan for the entire county, was it intended that we perform NEPA work?

**A:** FHWA will take the appropriate action to fulfill any NEPA requirements for the Action Plan – so on the County's end, you all are not required to do any NEPA work for the plan, so no, the successful firm will not perform NEPA work.
