

### **ADDENDUM #3**

Jackson County Airport Crack Seal & Re-Mark  
Jefferson, Georgia 30549  
WKD Project Number 20160013.00.AT

ADDENDUM NUMBER 3  
BID DATE: April 22, 2016, 10:00 a.m.

April 19, 2016

#### **TO ALL BIDDERS:**

Following are the responses to queries made by prospective bidders and received by Engineer.

1. *Question:* What should cracks be filled with? Emulsified asphalt & aggregate or coal tar sealant? Can you please clarify?  
*Response:* The bidder is directed to fill the cracks either with emulsified asphalt & aggregate or with coal tar sealant. Both materials are acceptable.
2. *Question:* Do the pavement markings need to have two full applications of the paint?  
*Response:* Yes.
3. *Question:* Would you kindly assist me in obtaining a plan holder's list of contacts, and let me know whether or not any addenda have been issued.  
*Response:* Plan holder's list and the addenda is available via the Plan Room tab at [www.wkdickson.com](http://www.wkdickson.com).

Receipt of this addendum should be acknowledged under Schedule of Work on Page I-53 of your Single Prime Bid form.

Sincerely,

**W.K. Dickson & Co., Inc.**
