PURPOSE

This Addendum forms clarifies, corrects, or modifies the original Request for Information ("RFI") document prepared by the City of Avondale.

This Addendum No. 1 consists of Q&A as of 04/07/2020:

Question 1.   1.2 F - Under Ideal Solution, "Ability to use Guest Passes on the public Wi-Fi." Can you provide clarification on this? Are they looking for the ability to limit patrons time on the public Wi-Fi?

Answer 1.   Our public Wi-Fi currently requires patrons authenticate to our ILS with a valid library barcode and PIN. For users who come in and don't wish to get a library card, we would like to be able to provide an option for the time management solution to be able to generate a guest barcode and PIN to allow guests to use our Wi-Fi just as they're able to do with guest passes in the computer labs.
