To all Prospective Contractors and Providers:

***This Amendment One* is issued to address questions, clarify any misconception, and provide additional information for interested providers in submitting a quality proposal in response to the subject RFP.**

Question 1. Whether companies from Outside USA can apply for this? (like, from India or Canada)

Answer 1: YES.

Question 2. Whether we need to come over there for meetings?

Answer 2: A meeting at this time is irrelevant. If a company is selected during the evaluation process, the company may be asked to come in for an interview in order to make further determination on selection.

Question 3. Can we perform the tasks (related to RFP) outside USA? (like, from India or Canada)

Answer 3: YES. I don't foresee any reason why not; if the technology allows such reach. Please revisit the RFP for customer services and 24-hour support.

Question 4. Can we submit the proposals via email?

Answer4: Absolutely not. Please reference RFP on submission of RFP

packages.

For Informational use and action:

1. If responding to this RFP, respondents are required to acknowledge receipt of this Amendment One to ensure their thorough understanding of the requirements.
2. Submittal packages shall be received by the proposal due date and time specified in the RFP. Otherwise, late proposal will not be accepted.
3. This amendment may be obtained from the vendor registry page via this web-link: <https://vrapp.vendorregistry.com/Bids/View/BidsList?BuyerId=b006d03c-8caf-494f-a267-2a40765d3bc4>
