Quote NO. FWQ 22-47-RSH ADDENDUM No. 1

Project.: Helicopter Spraying of Canal System for Istokpoga Watershed District

The following represents clarification, additions, deletions, and/or modifications to the above referenced solicitation. This addendum shall hereafter be regarded as part of the solicitation. Items not referenced herein remain unchanged. Words, phrases or sentences with a strikethrough represent deletions to the original solicitation. Underlined words and bolded, phrases or sentences represent additions to the original solicitation, as applicable.

Questions and Answers

Q1 In your bid Part 3.5 you are asking for only a per acre price on treating the canal, with no minimum guarantee of what we will be treating.
it is difficult to give a fair and accurate price for the county without knowing how much there is to treat the canal due to the mobilization cost involved.

There needs to be a minimum acreage for calling the contractor over to treat or allow a mobilization charge and a per acre price that way

A1 It is the County's Intent to service the entire district and not split into smaller jobs. The statement in section 3.5 was meant as a disclaimer that sprays were not guaranteed as need and budget changes are possible. The County will work with the awarded quoter to perform in the most efficient and cost-effective manner as possible for both parties.
