

**HIGHLANDS COUNTY
BOARD OF COUNTY COMMISSIONERS
(HCBCC)
PURCHASING DIVISION**

DATE: January 18, 2018

BID NO. ITB 18-013 ADDENDUM No. 2

Project.: Lake Blue Waterline Replacement Project

This addendum is being issued to provide information from the Pre Bid Meeting held on January 10, 2018 that started at 2:10 p.m. in order to provide clarity and provide answers to questions submitted to the Purchasing Department.

1. See the attached Pre Bid Meeting Agenda with information discussed by the Engineering Department. Note a correction to the solicitation number that should be shown as IFB-18-013 on the top of this document.
2. Copies of the Highlands County Utility permit issued March 1, 2017 and DEP water extension permit issued July 23, 2015 are attached for your information. Coverage under the Construction Generic Permit (CGP) is required for:
 - Discharges from construction activities that disturb at least one or more acres of land or disturb less than one acre of land but are part of a common plan of development or sale, and
 - Discharge storm waters to surface waters of the state or to surface waters of the state through a municipal separate storm_sewer system (MS4).

The Engineer calculated the disturbed area of the project to be less than one acre so a NSPDES generic permit will not be required for this project.

3. The applicable wage decision for this project is FL170136 dated 10/13/2017 is attached to this Addendum No. 2.
4. Due to this project receiving federal funding through the Community Development Block Grant (CDBG) program, Contractors must document efforts to use Minority Business Enterprises (MBE). A list of area MBE Vendors has been included in the solicitation (page 205) to assist Bidders in meeting this requirement.
5. Section 3 is applicable to this project and requires that, to the greatest extent possible, job training, employment and contract opportunities are offered to low or very low

income residents. The limits for low and very low income in Highlands County is attached.

Questions and Answers:

1. Are the insurance requirements included in the solicitation package?

Answer: The Contractor's insurance requirements for this solicitation are shown on page 215 Section 00805 Supplementary Conditions SC-5.04.

2. What is the cost estimate for this project?

Answer: The project cost is estimated at \$1,214,000.

3. Can directional bore be used to reduce the driveway restoration?

Answer: Yes, the Contractor can utilize directional boring to reduce the amount of driveway restoration required to complete this project.

4. With the directional boring and installation of pipe, would it be acceptable if the Contractor installed FPVC or HDPV pipe?

Answer: Fusible PVC (FPVC) pipe will not be allowed as an alternate but HDPE will be allowed with directional drilling.

5. Is there going to be any Federal Funding or Financial Assistance from the government that would require this project to be DOMESTIC only for the underground utility material?

Answer: No

6. If this project is going to have a Domestic requirement please clarify which class or Domestic that will be required (Buy America, Buy America(n), AIS, etc.).

Answer: Not applicable.

7. Will any control points be provided?

Answer: Yes, Envisors will be able to provide a benchmark that will be included in an Autocad file issued for construction.

**PRE-BID CONFERENCE AGENDA
LAKE BLUE WATER MAIN REPLACEMENT PROJECT
ITB 18-011; PROJECT # 16004
JANUARY 10, 2018**

I. INTRODUCTION:

- A. Introduction of those in attendance.
- B. Pre-Bid Announcement Sheet.
- C. Pre-Bid Conference is not mandatory
- D. Bid opening date is 2:00 P.M., Tuesday, January 30, 2018, at Highlands County Purchasing Department, 600 South Commerce Avenue, Sebring, FL 33870.
- E. Project Description
 - 1. Construct, disinfect and test approximately 10,045 linear feet of 6" PVC water line and 5,255 linear fee to 8" PVC water line, including bores as well as other appurtenances in the Lake Blue area.

II. COORDINATION WITH UTILITIES

- a. Comcast Cablevision
- b. Highlands County Traffic
- c. Duke Energy
- d. Century Llink
- e. Town of Lake Placid

III. PERMITS

- A. DEP water extension replacement permit approved July 23, 2015.
- B. DEP – NPDES permit is not needed for this project.
- C. Highlands County Utility Permit 17030082 issued March 1, 2017
- D. All workmanship and materials shall be in accordance with the requirements of the Florida Dept. of Transportation, Highlands County Land Development Regulations.

IV. BID FORM

- A. Base Bid
- B. Bid Bond or Cashier's Check in an amount of 5% of the Bid must be included on Bids over one hundred thousand (\$100,00.00).
- C. Bid is Lump Sum, Bid to contain Unit Prices to establish the value (increase or decrease) of changes in the work.
- D. Section 00250, General Terms and Conditions, certifications necessary with bid and Public Construction Bond.
- E. Section 00300 bid form.
- F. Contract Time, Section 00500:
 - 1. Substantial completion within 150 days of Notice to Proceed and Final Completion within 180 days of Notice to Proceed

- 2. Liquidated damages for delay at \$1,000.00 for each calendar day of delay.
- G. 90% Progress payments on work completed.

V. TECHNICAL SPECIFICATIONS

- A. Summary of Work, Section 01010-2,
 - 1. Maintenance of Traffic at all times.
- B. Section 01030 – Special Construction Conditions. This section was mistakenly added to the set of specifications and is not a part of this project and should be eliminated.
- C. Field Engineering, Section 01050, Stakeout by Contractor and identification of existing control points and establishment of a minimum of (2) permanent bench marks.
- D. Measurement and Payment, Section 01025, Use Form F-1 provided in specifications.
- E. Project Meetings, Section 01200, A preconstruction meeting will be scheduled after approval of the contract.
- F. Shop Drawings, Section 01340
 - 1. Pipe, fittings, valves, hydrants, etc,
 - 2. Submit a total of four (4) copies plus the amount the contractor wants.
- G. Schedule of Values – Section 01370. Contractor shall submit a schedule of values at the pre-construction meeting.
- H. Construction Photographs and Video – Section 01380. Contractor shall provide a preconstruction video of all construction areas.
- I. Testing Laboratory, Section 01410, Provided by Contractor
- J. Project Record Documents, Section 01720, Contractor to maintain "As-Builts" and provide to Engineer for preparation of "Record Drawings."
- K. Section 02600, Piping and Appurtenances – Any Jacking and boring and horizontal direction bore, Materials and Workmanship to comply with County and Town requirements.
- L. Pressure test, bacteriological sample points.
- M. Sod, Section 02931, All disturbed County ROW in front of residences shall be sodded with the same type of grass that was removed. All areas in front of vacant lots shall have seed and mulch. Maintain for 30 days past substantial completion.

The principal features, as defined above, are not intended to cover every aspect of the installation details. The Contractor shall be responsible for reviewing the Contract Documents and specifications to determine full scope of work and specific requirements for the project, which include familiarity and compliance with all federal, state, and local laws and regulations.

VI. SUMMARIZATION OF STATE CDBG REQUIREMENTS FOR CONSTRUCTION CONTRACTS

- A. This is a Davis Bacon project, so Certified Payrolls will be required for each pay period as backup with any pay estimate. Samples have been provided with the bid documents.
- B. Authorizations to make deductions are required for each deduction on the job that is not federal withholding. This includes court ordered withholdings, and the court order will suffice in those instances. Otherwise, insurance, advances, uniform, etc need the authorization from. Form has been provided.
- C. Guardian staff will randomly visit the job to collect interviews to verify
- D. The Project Sign is needed for this project and the Notice to Employees and Wage rates for this project must be posted somewhere on the job site.
- E. The Notice to Employees and wage rates (both in the bid documents) must be posted on the job. In a plastic sleeve behind the sign is fine.
- F. This is a Section 3 job, so if labor or other services become needed, make sure you advertise and give notice locally and document.
- G. This is a regulated MBE jobs, so document any contracted use of MBE subs or vendors, should this occur. Make sure you have an MBE policy.
- H. Subcontractors must submit payrolls for each relevant period they worked same as the prime. They must also submit authorizations for deductions.
- I. Debarment forms are required for prime and subs before contract.
- J. Call or Email with any CDBG questions:
J. Corbett Alday, CEO,
Guardian CRM, Inc.
15000 Citrus County Drive, Suite 331
Dade City, Florida 33523,

Fax: (863) 583-0357.

VI. QUESTIONS AND/OR COMMENTS

- A. County
- B. Bidders

THIS PAGE LEFT BLANK

PERMIT NO. 17030082

HIGHLANDS COUNTY

GENERAL UTILITY APPLICATION/PERMIT

The undersigned hereby makes application to the County Engineer, Highlands County, Florida for a general utility permit which authorizes utility construction and maintenance within the named public right-of-way(s) as described in this application and detailed on accompanying drawings. Any permit issued pursuant to this application will be issued to and in the name of the applicant. In accepting this permit, the applicant agrees to be bound by the Highlands County Land Development Regulations including, but not limited to the following conditions:

SEC. NO. 30 T. 38 S. R. 30 EDATE: 3/1/17Permission is hereby granted to: TOWN OF LAKE PLACIDat 311 W. Interlake Blvd., Lake Placid, Florida 33852

(mailing address)

for the construction and

maintenance of Replacement of 8-inch and 6-inch water mains in Lake Blue residential area on County Roads.

Subject to the following conditions:

- The construction and maintenance of the utility improvements shown on the attached drawings shall not interfere with the property and rights of anyone else.
- All work shall comply with standards of the County Engineering Department and shall be subject to the approval of the County Engineer.
- All materials and equipment shall be subject to inspection by the County Engineer, or its representative, located in Sebring, Florida.
- All County property shall be restored to its original condition as far as practical, in the opinion of the County Engineer.
- All construction shall comply with the standards and requirements of Article Six, Section Four of the Highlands County Land Development Regulations. If at any time during the utility installation/construction, the County Engineer finds that the permit conditions have been violated the County Engineer may issue an Immediate Stop Work Order. This Stop Work Order shall be in effect until the operation is brought into compliance with the permit. Failure to perform satisfactory construction may also result in the County's not issuing additional permits to the applicant until deficiencies are corrected.
- All overhead installations shall conform to clearance standards of the Florida Department of Transportation, and all underground crossing installations shall be laid at a minimum depth of forty-six (46) inches below pavement and at least thirty (30) inches below ditch grade. Exceptions may be made in special cases by authority from the County Engineer.
- The attached sketch covering the details of this installation shall be made a part of this permit.
- The applicant expressly acknowledges and agrees that the permit is a license for permissive use only and that the placing of facilities upon public property pursuant to this permit shall not operate to create or to vest any property right in the holder of the permit.
- The permit may be granted in perpetuity but whether or not issued in perpetuity the permit shall be subject to termination by the Board of County Commissioners without compensation in the event the road or highway is closed, abandoned, vacated, discontinued, or reconstructed.
- Whenever necessary for the construction, repair, improvement, alteration, or relocation of all, or any portion of a road or street as determined by the County Engineer, any or all of the poles, wires, cables or other facilities and appurtenances authorized hereunder, shall be immediately removed from that road or street, or reset or relocated thereon, as required by the County Engineer, at the expense of the holder of the permit.
- The permittee shall commence actual construction in good faith within sixty (60) days from the date of the permit and shall complete permitted construction within 180 working days.
- Applicant declares that prior to filing this application the applicant has ascertained the location of all existing utilities, both aerial and underground. Applicant also declares that due notice of work under this application/permit was furnished to each utility involved and that copies of letters addressed to each such utility are attached.
- The applicant understands and agrees that the rights and privileges herein set out are granted only to extent of the County's right, title and interest in the land to be entered upon and used by the permit holder.
- The applicant further agrees that the applicant will at all times assume all risk of damage and loss and does hereby indemnify, defend, and save harmless Highlands County from and against any and all damages, cost or expense arising in any manner on account of the exercise or attempted exercise of the aforesaid rights and privileges by the holder of any permit issued pursuant to this application. The permittee shall maintain adequate insurance and provide proof of insurance during the term of this permit to protect Highlands County. Failure to maintain adequate insurance will result in revocation of this permit.
- During construction of the permit, the holder of the permit shall comply with all safety regulations of the Florida Department of Transportation and the Manual of Uniform Traffic Control Devices current edition. The permit holder must take such measures, including placing and display of safety devices, as may be necessary in order to safely conduct the public through the project area.
- The office of the County Engineer shall be notified 24 hours prior to the start of any work.
- The applicant hereby accepts responsibility for maintenance of any road cut or subterranean crossing for a period of 36 months after the County Engineer's office is notified of completion of construction.
- The undersigned certifies that he has complied with the provisions of Section 553.851 (2) (a), Florida Statutes, as amended, concerning requesting gas pipeline location information and will comply with the provisions of Section 553.851 (2) (c) and (f), Florida Statutes, by notifying pipeline owners 48 hours prior to any excavation.

DEP File No: 335893-001-DS/C

County: Highlands

Project Name: Lake Blue Water Main Replacement

PWS ID: 6280286

NOTICE OF PERMIT ISSUANCE

Enclosed is Permit Number 335893-001-DS/C to construct the subject water distribution system, issued pursuant to Section 403.861(9), Florida Statutes.

This permit is final and effective on the date filed with the clerk of the Department unless a petition is filed in accordance with the paragraphs below or unless a request for extension of time in which to file a petition is filed within the required timeframe and conforms to Rule 62-110.106(4), F.A.C. Upon timely filing of a petition or a request for an extension, this permit will not be effective until further Order of the Department.

A person whose substantial interests are affected by this permit may petition for an administrative proceeding (hearing) in accordance with sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) with the Agency Clerk for the Department of Environmental Protection, Office of General Counsel, Mail Station 35, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000, within 14 days of receipt of this Notice. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under sections 120.569 and 120.57 of the Florida Statutes. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 28-106.205, F.A.C.

A petition must contain the following information:

- (a) The name and address of each agency affected and each agency's file or identification number, if known;
- (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination;
- (c) A statement of how and when the petitioner received notice of the agency decision;
- (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate;
- (e) A concise statement of the ultimate facts alleged, including the specific facts which petitioner contends warrant reversal or modification of the Department's action;
- (f) A statement of the specific rules or statutes the petitioner contends requires reversal or modification of the Department's action, including an explanation of how the alleged facts relate to the specific rules or statutes; and
- (g) A statement of the relief sought by petitioner, stating precisely the action that the petitioner wants the Department to take.

Permittee:
Joseph Barber, Utilities Director

DEP File No: 335893-001-DS/C
Project Name: Lake Blue Water Main Replacement
PWS ID: 6280286

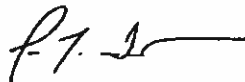

A petition that does not dispute the materials facts on which the Department's action is based shall state that no such facts are in dispute and otherwise contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that, the Department's final action may be different from the position taken by it in this Notice. Persons whose substantial interests will be affected by any such final decision of the Department on the petition have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

When the Order (Permit) is final, any party to the Order has the right to seek judicial review of the Order pursuant to section 120.68 of the Florida Statutes, by filing a Notice of Appeal pursuant to Rule 9.110 of the Florida Rules of Appellate Procedure, with the Clerk of the Department in the Office of General Counsel, Mail Station 35, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the final order is filed with the Clerk of the Department.

Executed in Fort Myers, Florida.

EXPIRATION DATE: July 22, 2020

COUNTY: Highlands

PROJECT: Lake Blue Water Main Replacement
Supplier of Water: Town of Lake Placid WTP

This permit is issued under the provisions of Chapter 403, Florida Statutes (F.S.), and Florida Administrative Code (F.A.C.) Chapters 62-4 and 62-555. The above named permittee is hereby authorized to perform the work or operate the facility shown on the application and approved drawings, plans, and other documents attached hereto or on file with the Department and made a part hereof and specifically described as follows:

TO CONSTRUCT: The subject proposed project includes replacement of existing 2, 4, and 6-inch water mains in the Lake Blue Area neighborhood which are generally in poor condition with frequent line breaks and are also undersized. In addition, a portion of the existing water mains in the project area is constructed of asbestos-cement (AC) pipe, which is difficult to repair and also has environmental concerns when there is a need to cut or repair the pipe. The new water mains proposed are larger diameter 6 and 8-inch C-900 PVC pipes. In addition, the new water mains are proposed to be constructed generally in public right-of-way on the street side of houses in the project area instead of the current locations which are partially behind houses and, as such, difficult to maintain

PROPOSED CONSTRUCTION INCLUDES:

Installation of 8,467 Linear Feet (LF) of 6-inch C-900 PVC Water Main (WM) and 5,318 LF of 8-inch C-900 PVC WM, 351 LF of HDPE WM directional bore, and 525 LF of 10" HDPE WM directional bore.

IN ACCORDANCE WITH: Envisors, a Pennoni Company, design drawings, sheet numbers 1, through 17, dated June 17, revised July 10 and 16, 2015. The design drawings were submitted in support of the construction application. The application was dated June 16, 2015, received June 18, 2015 and revised June 23, 2015.

LOCATION: The project is located in the Lake Blue neighborhood, which is on the east side of U.S. 27 on the north side of the Town of Lake Placid water service area, in Highlands County, Florida.

Work must be conducted in accordance with the General and Specific Conditions, attached hereto.

PWS ID NUMBER: 6280286**PERMIT NUMBER:** 335893-001-DS/C**DATE OF ISSUE:** July 23, 2015**EXPIRATION DATE:** July 22, 2020**COUNTY:** Highlands**PROJECT:** Lake Blue Water Main Replacement**GENERAL CONDITIONS:**

The following General Conditions are referenced in Florida Administrative Code Rule 62-4.160.

1. The terms, conditions, requirements, limitations and restrictions set forth in this permit, are "permit conditions" and are binding and enforceable pursuant to Sections 403.141, 403.727, or 403.859 through 403.861, F.S. The permittee is placed on notice that the Department will review this permit periodically and may initiate enforcement action for any violation of these conditions.
2. This permit is valid only for the specific processes and operations applied for and indicated in the approved drawings or exhibits. Any unauthorized deviation from the approved drawings, exhibits, specifications, or conditions of this permit may constitute grounds for revocation and enforcement action by the Department.
3. As provided in subsections 403.087(6) and 403.722(5), F.S., the issuance of this permit does not convey any vested rights or any exclusive privileges. Neither does it authorize any injury to public or private property or any invasion of personal rights, nor any infringement of federal, state, or local laws or regulations. This permit is not a waiver of or approval of any other Department permit that may be required for other aspects of the total project which are not addressed in this permit.
4. This permit conveys no title to land or water, does not constitute State recognition or acknowledgment of title, and does not constitute authority for the use of submerged lands unless herein provided and the necessary title or leasehold interests have been obtained from the State. Only the Trustees of the Internal Improvement Trust Fund may express State opinion as to title.
5. This permit does not relieve the permittee from liability for harm or injury to human health or welfare, animal, or plant life, or property caused by the construction or operation of this permitted source, or from penalties therefore; nor does it allow the permittee to cause pollution in contravention of Florida Statutes and Department rules, unless specifically authorized by an order from the Department.
6. The permittee shall properly operate and maintain the facility and systems of treatment and control (and related appurtenances) that are installed and used by the permittee to achieve compliance with the conditions of this permit, are required by Department rules. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to achieve compliance with the conditions of the permit and when required by Department rules.
7. The permittee, by accepting this permit, specifically agrees to allow authorized Department personnel, upon presentation of credentials or other documents as may be required by law and at reasonable times, access to the premises where the permitted activity is located or conducted to:
 - a. Have access to and copy any records that must be kept under conditions of the permit;
 - b. Inspect the facility, equipment, practices, or operations regulated or required under this

- permit; and
- c. Sample or monitor any substances or parameters at any location reasonable necessary to assure compliance with this permit or Department rules. Reasonable time may depend on the nature of the concern being investigated.
8. If, for any reason, the permittee does not comply with or will be unable to comply with any condition or limitation specified in this permit, the permittee shall immediately provide the Department with the following information:
 - a. A description of and cause of noncompliance; and
 - b. The period of noncompliance, including dates and times; or, if not corrected, the anticipated time the noncompliance is expected to continue, and steps being taken to reduce, eliminate, and prevent recurrence of the noncompliance. The permittee shall be responsible for any and all damages, which may result and may be subject to enforcement action by the Department for penalties or for revocation of this permit.
 9. In accepting this permit, the permittee understands and agrees that all records, notes, monitoring data and other information relating to the construction or operation of this permitted source which are submitted to the Department may be used by the Department as evidence in any enforcement case involving the permitted source arising under the Florida Statutes or Department rules, except where such use is prescribed by Section 403.111 and 403.73, F.S. Such evidence shall only be used to the extent it is consistent with the Florida Rules of Civil Procedure and appropriate evidentiary rules.
 10. The permittee agrees to comply with changes in Department rules and Florida Statutes after a reasonable time for compliance; provided, however, the permittee does not waive any other rights granted by Florida Statutes or Department rules. A reasonable time for compliance with a new or amended surface water quality standard, other than those standards addressed in Rule 62-302.500, shall include a reasonable time to obtain or be denied a mixing zone for the new or amended standard.
 11. This permit is transferable only upon Department approval in accordance with Rule 62-4.120 and 62-730.300 F.A.C., as applicable. The permittee shall be liable for any non-compliance of the permitted activity until the transfer is approved by the Department.
 12. This permit or a copy thereof shall be kept at the work site of the permitted activity.
 13. This permit also constitutes:
 - a. Determination of Best Available Control Technology (BACT)
 - b. Determination of Prevention of Significant Deterioration (PSD)
 - c. Certification of compliance with state Water Quality Standards (Section 401, PL 92-500)
 - d. Compliance with New Source Performance Standards
 14. The permittee shall comply with the following:

PERMITTEE:

Joseph Barber, Utilities Director
Town of Lake Placid
311 W. Interlake Blvd
Lake Placid, FL 33852
LPUtilities@mylakeplacid.org

PWS ID NUMBER: 6280286**PERMIT NUMBER:** 335893-001-DS/C**DATE OF ISSUE:** July 23, 2015**EXPIRATION DATE:** July 22, 2020**COUNTY:** Highlands**PROJECT:** Lake Blue Water Main Replacement

- a. Upon request, the permittee shall furnish all records and plans required under Department rules. During enforcement actions, the retention period for all records will be extended automatically unless otherwise stipulated by the Department.
 - b. The permittee shall hold at the facility or other location designated by this permit records of all monitoring information (including all calibration and maintenance records and all original strip chart recordings for continuous monitoring instrumentation) required by the permit, copies of all reports required by this permit, and records of all data used to complete the application for this permit. These materials shall be retained at least three years from the date of the sample, measurement, report, or application unless otherwise specified by Department rule.
 - c. Records of monitoring information shall include:
 1. the date, exact place, and time of sampling or measurements;
 2. the person responsible for performing the sampling or measurements;
 3. the dates analyses were performed;
 4. the person responsible for performing the analyses;
 5. the analytical techniques or methods used;
 6. the results of such analyses.
15. When requested by the Department, the permittee shall within a reasonable time furnish any information required by law, which is needed to determine compliance with the permit. If the permittee becomes aware the relevant facts were not submitted or were incorrect in the permit application or in any report to the Department, such facts or information shall be corrected promptly.

SPECIFIC CONDITIONS:

1. The Permittee shall retain a Florida-licensed professional engineer in accordance with subsection **62-555.530(3), F.A.C.**, to take responsible charge of inspecting construction of the project for the purpose of determining in general if the construction proceeds in compliance with the permit, including the approved preliminary design report or drawings and specifications for the project.
2. The Permittee shall have complete record drawings produced for the project in accordance with subsection **62-555.530(4), F.A.C.**
3. The Permittee shall provide an operation and maintenance manual for all new or altered facilities to fulfill the requirements under subsection **62-555.350(13), F.A.C.**
4. The Permittee shall submit a certification of construction completion to the Department and obtain approval or clearance, from the Department per **Rule 62-555.345, F.A.C.**, before placing any public water system components constructed or altered under this permit in operation for any purpose other than disinfection, testing for leaks, or testing equipment operation. This does not prohibit the Permittee from cutting into existing water mains, and

PERMITTEE:

Joseph Barber, Utilities Director
Town of Lake Placid
311 W. Interlake Blvd
Lake Placid, FL 33852
LPUilities@mylakeplacid.org

PWS ID NUMBER: 6280286**PERMIT NUMBER:** 335893-001-DS/C**DATE OF ISSUE:** July 23, 2015**EXPIRATION DATE:** July 22, 2020**COUNTY:** Highlands**PROJECT:** Lake Blue Water Main Replacement

returning the water mains to operation in accordance with subsection **62-555.340(5), F.A.C.**, without the Department's approval.

5. Chemicals that are contained in coatings that are applied to a surface in contact with drinking water, or are otherwise on equipment surfaces that come into contact with the water, and additives and chemicals used to treat water shall conform to American National Standards Institute (ANSI)/NSF International Standard 60-1988. Water system components whose surfaces come into contact with drinking water shall conform to ANSI/NSF Standard 61-1991. The authorized representative of the public water system shall certify in writing that each item conforms to the appropriate standard prior to release for operation. *[Ref. 62-555.320(3)(a), 62-555.320(3)(b) and 62-555.320(3)(d)]*
6. The installation or repair of any public water system, or any plumbing in residential or nonresidential facility providing water for human consumption, which is connected to a public water system, shall be lead free. *[Ref. 62-555.322(1)]*
7. When any existing asbestos cement (AC) pipes are replaced under this permit, the permittee shall do so in accordance with the applicable rules of Federal Asbestos Regulation and Florida DEP requirements. For specific requirements applicable to AC pipes, the permittee should contact the Air and Waste Management section managers prior to commencing any such activities at (239) 344-5600. Please be aware that a notification is required to be submitted to the Department for a regulated project.
8. Permittee shall maintain vertical clearance and horizontal separation between water mains and sanitary sewers, storm sewers, etc. unless approved otherwise by the Department, as provided in Rule 62-555.314, F.A.C., and Section 8.6 of *Recommended Standards for Water Works*, a manual adopted by reference in Rule 62-555.330(3), F.A.C.
9. The permittee must instruct the engineer of record to request system clearance from the Department within sixty (60) days of completion of construction, testing and disinfecting the system. Bacteriological test results shall be considered unacceptable if the test were completed more than 60 days before the Department received the results. *[F.A.C. Rule 62-555.340(2)(c)]*

Permitted construction or alteration of a public water system may not be placed into service until a letter of clearance has been issued by this Department. *[F.A.C. Rule 62-555.345]*
10. Prior to placing this project into service, Permittee shall submit, at a minimum, all of the following to the Department for evaluation and approval for operation, as provided in Rules 62-555.340 and 62-555.345, F.A.C.:
 - a. the engineer's *Certification of Construction Completion and Request for Clearance to Place Permitted PWS Components Into Operation* {DEP Form 62-555.900(9)};
 - b. certified record drawings, if there are any changes noted for the permitted project.
 - c. two consecutive days of satisfactory bacteriological analytical results.
 - d. copy of a satisfactory pressure test of the process piping performed in accordance with AWWA Standards. *[F.A.C. Rule 62-555.320(21)(a)(1)]*

FL170136 MOD 1 LAST MODIFICATION FL136

****THIS WAGE DETERMINATION WAS ACTIVE AS OF THE END OF YEAR****

General Decision Number: FL170136 10/13/2017

Superseded General Decision Number: FL20160136

State: Florida

Construction Type: Heavy

County: Highlands County in Florida.

HEAVY CONSTRUCTION PROJECTS (Including Sewer and Water Lines)

Note: Under Executive Order (EO) 13658, an hourly minimum wage of \$10.20 for calendar year 2017 applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.20 (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2017. The EO minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

FY 2017 INCOME LIMITS DOCUMENTATION SYSTEM

[HUD.gov](#) [HUD User Home](#) [Data Sets](#) [Fair Market Rents](#) [Section 8 Income Limits](#) [MTSP Income Limits](#) [HUD LIHTC Database](#)

FY 2017 Income Limits Summary

FY 2017 Income Limit Area	Median Income Explanation	FY 2017 Income Limit Category	Persons in Family							
			1	2	3	4	5	6	7	8
Highlands County	\$42,200	Very Low (50%) Income Limits (\$) Explanation	16,950	19,400	21,800	24,200	26,150	28,100	30,050	31,950
		Extremely Low Income Limits (\$) * Explanation	12,060	16,240	20,420	24,200*	26,150*	28,100*	30,050*	31,950*
		Low (80%) Income Limits (\$) Explanation	27,100	31,000	34,850	38,700	41,800	44,900	48,000	51,100

Selecting any of the buttons labeled "Explanation" will display detailed calculation steps for each of the various parameters.

* The FY 2014 Consolidated Appropriations Act changed the definition of extremely low-income to be the greater of 30/50ths (60 percent) of the Section 8 very low-income limit or the poverty guideline as [established by the Department of Health and Human Services \(HHS\)](#), provided that this amount is not greater than the Section 8 50% very low-income limit. Consequently, the extremely low income limits may equal the very low (50%) income limits.

Income Limit areas are based on FY 2017 Fair Market Rent (FMR) areas. For information on FMRs, please see our associated FY 2017 [Fair Market Rent documentation system](#).
