PROCUREMENT FOR: Qty (2) of 2 Yd. Self-Sealing Stationary Compactors

This addendum will amend **Bid #19-109, Qty (2) of 2 Yd. Self-Sealing Stationary Compactors** originally issued on Wednesday, December 18, 2019. This clarification is being provided to all known and registered correspondents in response to questions received. All addenda and original bid documents are also available online at: www.gtcounty.org, select "Bid Opportunities" from the Quick Links section and "View Current Bid Solicitations."

Question #1: I'm emailing in regards to the Self-Sealing Stationary Compactors project and wanted to know if there is an estimated budget for this project?

Response: Yes, the budget is \$58,000.

Question #2: What is meant by the description of the compactors as "Self-Sealing"? I am not familiar with describing a stationary compactor as this.

Response: Currently Georgetown County operates several stationary compactor units that when the receiving container is removed from the power unit there are doors affixed to the receiving container that automatically shut, which keeps

the materials in the receiving container. Operators are not required to add additional covers or close other doors to keep waste in. This ability is what is meant by “self-sealing”.
