

RFP 20-28: 2019 Kaufman County Bond Program - Engineering Services - Helms Trail (from IH20 to US 80, CSJ: TBD)

	Question	Answer	Date Posted
1.)	In the Evaluation Criteria on pages 7-8 of the RFQ, the bullet items for 5.1.A and 5.1D appear to be the same. Can you clarify if the County wishes to see the information from 5.1.A repeated in 5.1.D or if one of those sections should include different information from the bullets identified in that section?	We do apologize, the bullets are the same, however the requested information is different. The bullets should be omitted from 5.1.D. Section D should include projects based on our local conditions, geology, local contracting, etc., and how that would affect project construction, etc.	10.05.2020
2.)	I'd like to confirm that resumes do indeed count as part of the 12-page limit	Yes, resumes will be included as part of the 12-page limit.	10.05.2020
