ADDENDUM

Addendum #1 on Bid # 4693 Vehicle Parts Discount - OEM, making the following corrections and clarifications:

- QUESTION: What OEM's you are interested in us quoting? The bid seems very vague, and I can quote all different sorts of OEMs. Any clarification is much appreciated

RESPONSE: We have Ford, Dodge and Chevrolet vehicles.

- QUESTION: Is this bid # 4693 brand specific; and if so, where do we list the brand we can bid on? Also, can I bid at an over the cost price, which is better for you, or does it have to be off of list price?

RESPONSE: It is for Original Equipment Manufacturer (OEM) parts. We have Ford, Dodge and Chevrolet vehicles. You can bid at whatever price you believe to be the best.

- QUESTION: I'm writing to request information about the EMS Fleet. Can you provide an inventory of vehicles? By make, model, year.
- ANSWER: We have Ford, Dodge and Chevrolet vehicles. The make, model and year can change every year so what we currently have in inventory may be dramatically different by this time next year. Prefer not to list and limit the bid to only what is currently in our fleet.

If you have any questions, please feel free to give me a call at (865) 457-6218.
