### 1. Questions and Answers:

Q1: Addendum 4 had stated information regarding the shell path and to refer to revised page EP1.1 No information on the shell path is on the electrical page.

**A1: Sheet EP1.1 was updated with new exhaust fans and controls. Nothing related to the shell path on sheet EP1.1.**

Q2: Were there any revisions to page A2.2? I did not see any on the Daytona Beach bid site vendor registry.

**A2: No sheet A2.2 wasn't updated for the Addendum. Just a note mentioning the shell walkway on sheet A2.2 could be crushed washed shell as opposed to the #2 Coquina stone.**
