18-R0020

North Parks Landscaping

The following questions have been asked and answered:

1. Are we quoting for fertilization for shrubs and palm trees?
 - A. All plant material and trees shall be fertilized twice a year at the appropriate time for the species being maintained.
2. Is there a list of which parks have irrigation?
 - A. The following parks have irrigation
 1. 48th Park – Clock – near light pole at corner
 2. Cabana Section – Battery operated valve – scattered around
 3. Cooper Park – Battery operated valve – backside of park
 4. Gardens by the Sea – Battery operated valve – by electrical meters
 5. Grey Park – Battery operated valve – on left hand side of park
 6. Loblolly Park – no irrigation
 7. McLeod Park – Battery operated valve, but we do not use due to Playground in park
 8. Memorial Park – Clock – on light pole in park
 9. Roberta McMillian – Clock – in lift station area
 10. Rutledge – Battery operated valve – beside road in box
 11. Settlers Point Park & Court – no irrigation
 12. Springs Park – Clock – near curb cut under oak trees
 13. Tindal Avenue Median – no irrigation
3. If there is no irrigation do we still quote for fertilization?
 - A. Fertilize only if the park has shrub beds so you don't burn/kill the grass area.

The bid date will remain the same, 2:00 February 1, 2018
