

## WILLIAMSON COUNTY GOVERNMENT

**April 19, 2022**  
**Addendum #1**  
**Highway Antifreeze**  
**Bid Date May 12, 2022**

**Williamson County has received the following questions:**

1. What would be the estimated number of antifreeze totes you think you might purchase in a year's time? **One**
2. Are you okay with us swapping out the totes rather than filling totes on your site? **Yes**
3. The bid states a concentrated mix of coolant. Most shops are using a 50/50 mix. I was wondering if that would work? **Yes, it should be 50/50 mix.**
4. The listing of manufacturer bid specifications looks to be a lot of older specifications. Just wanted to make sure I bid the correct product for your equipment. **Specifications are correct.**
5. Do you have an estimate of your antifreeze on an annual basis? **270 gallons**
