

**Spartanburg County School District 2
Chesnee, South Carolina
Network Upgrades
RFP# SPA2-2021-001**

Addendum One – February 18th, 2021

Following are changes, additions, deletions, or additional information to the RFP. All addenda are considered a component of the RFP.

Changes to the RFP:

1. The deadline for questions and proposal submissions in response to RFP #SPA2-2021-001 has been extended. The deadline for questions has been extended to **Friday, March 5th, 2021 at 11:00 a.m.** and proposal submissions will be accepted through **Thursday, March 18th, 2021 at 2:00 p.m.** Please submit all proposal responses in accordance with the instructions listed within the RFP and/or associated addenda for RFP # SPA2-2021-001.
2. The specifications requested within the RFP has been modified to include the associated licensing and support requests. Please replace the section titled **HARDWARE** on pages 9-11 of the RFP with the below:

HARDWARE:

In all cases where a specific manufacturer is indicated, offerors may conclude that the district will consider EQUIVALENT equipment.

NOTE – Please quote each line item, including licensing and/or support options listed for different/multiple durations. The district would like to review all options available to them. Please provide your best pricing and options available.

Using the information provided, please propose your best solution. In preparing your proposal, make any assumptions necessary, take any exceptions necessary, and document each. This is a request for proposal, not an invitation to bid. Any disparity between an appealing proposal and the requirements of the District will be negotiated prior to executing a contract.

The Following are E-Mail Questions and Answers through February 18th, 2021:

Question 1: *"In section IV, Scope of Solicitation/Specifications, it states:*

"It is the intent of the District to award a multi-year Contract featuring an option for voluntary extensions not to exceed a total term of 5 years. The initial term will begin on the date signed by the District and will continue through September 30, 2022. The District encourages interested firms to offer proposals for any, each, or all of the categories of services listed above." Would this multi-year contract be for software support, hardware support or both?

Answer 1: Please refer to the above **Changes to the RFP** section within this addendum, including the revised **HARDWARE** list and associated notes for additional information. If this is a requirement to support the proposal being submitted, please include sufficient parameters and configuration to support the proposal. Using the information provided, please propose your best solution. In preparing your proposal, make any assumptions necessary, take any exceptions necessary, and document each. This is a request for proposal, not an invitation to bid. Any disparity between an appealing proposal and the requirements of the District will be negotiated prior to executing a contract.

Question 2: *"For the UPS systems will you be requesting network cards to monitor over the network?"*

Answer 2: No.

Question 3: *"Will these all be delivered to one location? Do you have a loading dock, or will a lift gate be needed?"*

Answer 3: Using the information provided, please propose your best solution. In preparing your proposal, make any assumptions necessary, take any exceptions necessary, and document each. This is a request for proposal, not an invitation to bid. Any disparity between an appealing proposal and the requirements of the District will be negotiated prior to executing a contract.

Question 4: *“Will these be installed in 2 post or 4 post racks?”*

Answer 4: Please refer to the above **Changes to the RFP** section within this addendum, including the revised **HARDWARE** list and associated notes for additional information. If this is a requirement to support the proposal being submitted, please include sufficient parameters and configuration to support the proposal. Using the information provided, please propose your best solution. In preparing your proposal, make any assumptions necessary, take any exceptions necessary, and document each. This is a request for proposal, not an invitation to bid. Any disparity between an appealing proposal and the requirements of the District will be negotiated prior to executing a contract.
