

ADDENDUM 1:

BID NUMBER: 0043

BID TITLE: Interactive Flat Panel

QUESTION 1: What are the term lengths for the awarded winner for the bid? I see where pricing must remain for 60 days after opening, but nothing outside of that. Is this supposed to be a 6-12 month bid for future purchases, or was there an expected quantity to be purchased within that 60 days? If the latter, do you have an estimated quantity for displays?

ANSWER 1: We would like to hold the price for one year. We anticipate purchasing the bulk of our needs within the first two months of completion of bid. We are estimating purchasing 20 units; however, we do not guarantee the quantity.

QUESTION 2: It says “Mimio, SMART Notebook, etc.” for Interactive Software – does this mean you wish to see the price of software licenses as line items on a response, or does that mean that whatever we submit simply has to be able to run those programs (agnostic hardware)?

ANSWER 2: We would like to see the software priced with the panel. We have revised the bid submission form to indicate the cost of the software price.

QUESTION 3: Are you needing a Mimio whiteboard adapter? As far as the SMART Notebook software: How many years of subscription would you like (1,2,3)? How many teachers are you purchasing for? How many SMART interactive displays or whiteboards are in the classrooms? Also, is there any additional software that is required?

ANSWER 3: We will not need a Mimio adapter. We would like to see Interactive software: Mimio, SMART Notebook, or functionally equivalent to be quoted at 1st year, 2nd year, and 3rd year costs. No additional software is required

QUESTION 4: When you used the term Mimio, I assumed you were wanting a Boxlight Monitor. Do you plan to do the installation yourself or will we need to add installation to this? Also, Sharp only has 60,70 and 80 sizes. Will those work?

ANSWER 4: The designated reference is for reference purpose only, not a statement of preference. Please see section 1.9 of the bid terms for your submission. Yes, we plan to do our own installation. We have revised the bid submission forms so that the sizes you indicated could be submitted.
