Re: AMBUCS Park Gymnasium and City Park Gymnasium HVAC System Installation

Dear Steve:

Paragon Consulting Group, Inc. (PCG) facilitated the bid opening for the Spalding County AMBUCS Park Gymnasium and City Park Gymnasium HVAC System Installation on July 12, 2022. Below is a summary of the bid totals:

Harbin's Mechanical Services, Inc.	No Bid
Q.T. Contracting, Inc. dba Powers Heating & Air	\$ 512,017.65
Wright Brothers, Inc.	\$ 259,586.00

The proposals from the HVAC contractors include the permitting, equipment, and installation necessary to provide fully functional systems at the gyms. Per T.J. Imberger, Spalding County will provide concrete pads, chain link fence cages, removal of the existing ventilation fans, and removal of the existing heaters in the gyms.

Spalding County personnel have reviewed and approved the equipment proposed by the low-bid contractor, Wright Brothers, Inc. Based on the bids received and the County's approval of the proposed equipment, PCG recommends Spalding County award the project to Wright Brothers, Inc. for a total price of \$259,586.00.

Please feel free to contact me should you have any questions.

Sincerely,

PARAGON CONSULTING GROUP, INC.

Brian K. Upsor, P.E.
