---

**Fiscal Impact:** \$286,539.00

Amount Budgeted: \$308,326.00

Fund: 044-5203-431-6162

Additional Fiscal Impact:

---

**Recommendation:** Approve the award of IFB 2022-04 Traffic Cabinets and Camera Replacement to Cubic Transportation System

---

**Background:** IFB 2022-04 scope of work is to purchase replacements for traffic cabinets and cameras at 10 intersections in the City. Installation is provided by the City Facility Maintenance Department. The IFB was advertised on March 27, 2022 in the Alamogordo Daily News and the Albuquerque Journal. Four bids were received before the due date of April 13, 2022, 2:00 PM. Two bids were received after the due date and were returned to the bidders unopened per the City Procurement Ordinance. All four bids received on time were reviewed and determined to be in compliance with the City's Procurement Code. Paul Bennett, Facility Maintenance Mgr. reviewed all bids and determined the bid received by Cubic Transportation System provided the best functionality for the City.

The current traffic cabinets and equipment are at least thirty years old. As traffic control has evolved, we now have a need for upgrading to a TS-2 cabinet to be able to support the new camera system and other equipment. With this upgrade, in the future we will be able to also monitor cameras that are located within the City parks to assist in monitoring vandalism and other criminal acts.
