**Addendum #03  
March 6, 2023  
IFB 23-B0030  
Fiber Optic Installation**

The purpose of this Addendum #03 to IFB 23-B0030 for Fiber Optic Installation, dated March 6, 2023, and previously amended on February 24, 2023 and February 13, 2023, is to provide answers to the following questions:

1. Will the City clarify SCDOT permitting requirements?

**SCDOT will require permitting if any work is to be completed within right-of-ways. SCDOT estimates 20-30 days for permit approval depending on the complexity of the work.**

2. The City will locate and note the pull points between the MBCC and the MBPD and will advise in a separate addendum.

**The City has located two hand-holds between the MBPD and the MBCC. The location map below shows the locations of the hand-holds and is hereby made a part of this addendum. More hand-holds may be present, however the City cannot confirm.**

Thank you,
