**Addendum 01
June 13, 2022
IFB 22-B0037
Manhole Lining 2022**

The purpose of this Addendum 01 to IFB 22-B0037 for Manhole Lining 2022, dated June, 2022, is to list the key points of discussion from the mandatory site visit.

- The anticipated performance period is sixty (60) calendar days. However, the City understands that supply shortages and longer delivery times may require a more fluid performance period. The City will consider a time extension only if the Contractor keeps in constant contact with the project coordinator about the progress of the job.
- Contractors are advised that plans and bidding documents obtained from sources other than the City of Myrtle Beach may not be accurate. Contractor assumes all risk by proceeding with plans and documents from alternate sources.
- Additional questions are due no later than close of business on Tuesday, June 21, 2022. Questions may be submitted via e-mail to asowers@cityofmyrtlebeach.com. All questions received by the deadline will be answered via addendum, no later than close of business on Tuesday, June 28, 2022.
- Sealed bids are due in the Purchasing Office no later than 2:00PM (local time) on Thursday, July 7, 2022. No electronic submissions will be accepted. The City of Myrtle Beach is not responsible for late or misdirected mail.
- The mandatory site visit sign-in sheet is attached and is hereby made part of this addendum.
