A D D E N D U M # 1

Dated: March 23, 2015

Acknowledgment of receipt of this addendum **MUST BE SIGNED AND INCLUDED IN YOUR RESPONSE TO THE RFB.**

QUESTIONS:

1. I have a question concerning this bid request, it pertains to section 4-1.1 & 4-1.3. It states it is "required to clean three (3) sites per trip". Our area of requested clarification is:

(1) Will my company be allowed to set our schedule, as where we will be able to for example set up cleaning "X" amount of sites over a 1 week time frame? And have multiple 1 week servicing. This question is since we would have a larger travel area, and this would allow us to do this bid in a more economical manner, which better suits the budget needs of CCWA.

Answer: The Contractor may set up the day of the week for which services can be performed. CCWA will select the sites for which the services will be performed on an as needed when needed basis.

(2) Will disposal of the contents of the wet wells and lift stations be allowed at the WWTP facilities locally, if so is there any special procedure for an "out of state vendor" to be allowed to dispose of those contents or any fees to dispose of the contents from lift stations and wet wells belonging to CCWA?

Answer: No material cleaned from CCWA wet wells is disposed of at CCWA facilities. Currently the material cleaned out from wet wells at CCWA is disposed of at the Pine Ridge Landfill, located at 105 Bailey Jester Road, Griffin, GA 30223, Phone #478-750-0265.
