

WALKER COUNTY BOARD OF EDUCATION  
FACILITIES & OPERATIONS

**ADDENDUM NO. 1**

**DATE:** March 28, 2017  
**TO:** All Bidders  
**FROM:** Walker County Board of Education  
Facilities & Operations  
298 Culberson Avenue  
LaFayette, GA 30728  
**BID:** CUSTODIAL SUPPLIES BID 17-02

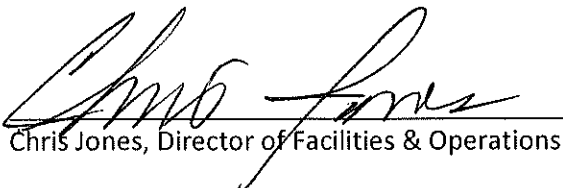

---

**THE DOCUMENTS FOR THE ABOVE-REFERENCED BID ARE SUPPLEMENTED AND MODIFIED AS DESCRIBED BELOW:**

---

**GENERAL REVISIONS:**

1. Item #CU-080 Upper Limits will not be included in the bid at this time. We are in the process of re-evaluating what floor care products to use. This type of product will be included in a separate bid/quote package. We have attached an updated bid worksheet with this item removed.
2. For clarification, any products included in your bid proposal that would not fit our current dispensers, please include in your quote that all dispensers needed for the entire school district will be provided and installed at no cost to the school district, as long as we use your product. The decision will be made based on all criteria listed in the bid documents.
3. There was some confusion on the product specifications because we listed all products that we carry and not just what we including in this bid packet. We have updated the specs sheet to remove all items that are not included in the current bid, unless it is related to another product, for example soap and a soap dispenser.

  
Chris Jones, Director of Facilities & Operations
