This addendum is being published to answer the following question regarding the above referenced ITB. This addendum becomes a part of the contract documents and modifies the original specifications as noted.

Question #1: Should costs submitted for Item No. 104-03.99 Additional Work on the BD-6 form include all costs associated with additional site work or is that strictly for labor?

Answer: Item 104-03.99 Additional Work covers only labor. Items 717-01.04 Mobilization (Material) and 717-01.05 Mobilization (Material and equipment) cover other costs per each work location, including transit and/or shipping costs.

All labor costs should include only hourly labor cost for a crew necessary to perform work, exclusive of transit times, which should be included in the Mobilization pay items.
