Michael A. Register, P.E., Executive Director

525 Community College Parkway S.E. • Palm Bay, FL 32909 • 321-984-4940 • www.sjrwmd.com

DATE: October 15, 2021

TO: Prospective Respondents

FROM: Amy Lucey, Procurement Specialist

SUBJECT: Addendum #1 to Request for Proposals # 37142, Environmental Remediation Technologies Pilot Project for Treatment of Biosolids-Derived Phosphorus from Fields

As a result of inquiries, the following clarifications/changes are provided for your information. Please make all appropriate changes to your proposal documents. Note: changes are reflected with original language shown with strike-through and new language is underlined.

- Q1. Do you know if the District is planning one award or multiple awards for this solicitation?
A1: The current solicitation is to be awarded to the top ranked proposal based on the minimum qualifications and the evaluation criteria listed in the solicitation. The solicitation proposal can have multiple subcontractors or entities that collaborate and contribute to the work that creates a synergetic study approach. In fact, other contracts associated with this work integrate the expertise of multiple entities conducive to accomplishing the work. We encourage the collaboration and contributions of both public and private groups working together to generate this project proposal.

NOTE: The Proposal Due Date **remains** 2:00 p.m., **Tuesday, November 9, 2021.**

Please acknowledge receipt of this Addendum on the Submittal FORM provided in the proposal package.

If you have any questions, please e-mail me at alucey@sjrwmd.com.
