

**NOTICE OF SOLICITATION – INVITATION TO BID:
Bulloch County Board of Commissioners
Engineering Department and the Office of Capital Projects**

DESCRIPTION OF PROJECT: The Bulloch County Board of Commissioners is accepting sealed bids from qualified contractors for this project: **Bulloch County Road Resurfacing. The project consists of approximately 10 miles of County Road resurfacing.**

Addendum #2

Two questions have been asked and the answers will make changes to the bid form. A revised bid form is included in this addendum. The revised bid form must be used with a bid submission. If the revised bid form is not used, the submitted bid will not be considered for this project.

1. Question: “On Form A, Bid Form, Grassing is included in GDOT Item Code 210-0200 (Shoulder Grading/Dressing/Grassing) and there is also a GDOT Item Code 700 (Permanent/Temporary Grassing Complete, Including Seeding, Optional Hydroseeding, Mulch, Establish Acceptable Stand of Grass). In which location should the cost for grassing be entered?”

Answer: Grassing was mistakenly included in both line items on the Bid Form for the Base Bid. The County has revised the Bid Form to remove grassing from GDOT Item Code 210-0200. All costs for grassing shall be entered in GDOT Item Code 700. On the Add Alternates, the County has also added a Line Item for GDOT Item Code 700 for Grassing. The revised Bid Form must be utilized for submission of the bid or the submitted will not be accepted.

2. Question: “On Lotts Creek Road, will any milling be done on the approaches to the bridges at the Candler County line?”

Answer: GDOT Line-Item Code 432-0214, Mill Asph Conc, 3.5-inch Depth, has been added to the Bid Form. This Line Item includes milling asphalt at 3.5 inches depth for a distance of 50 feet on the approach to the eastern bridge, as well as the entire distance between the two bridges (approximately 160 feet) on Lotts Creek Road. There are no concrete approach slabs on either bridge. 3.5 inches of 9.5 mm asphalt (in two lifts) will then be placed in the milled areas (the quantities for the asphalt are included in GDOT Item Code 402-3103). The revised Bid Form must be utilized for submission of the bid or the submitted bid will not be accepted.
