***ADDENDUM ONE***

Solicitation: 2017-138  
Addendum Release Date: August 22, 2017

Attached is test hole data of the existing water main. Test holes were performed on the water main along Brick Mill Road, on the east side of the water valve across from Tom Hulsey Drive. The main on the west side of the valve is a 6" DIP, and the main on the east side of the valve is a 6" HDPE. The 6" HDPE is 3.49' below existing grade. Please see the attached Test-hole Report and pictures (2) provided for the test hole.
