ADDENDUM #2

Date: October 7, 2021

Request for Proposals #: 22-092821

Bulk Fuel

Deadline: Friday, October 15, 2021 at 2 p.m.

TO ALL POTENTIAL BIDDERS:

The following information is being provided for purposes of clarification or in response to questions received from potential offerors. In the event that any of these specifications conflict with previous specifications, the specifications in this addendum shall control. Prepare your proposal accordingly:

1. Page 27 – Dinwiddie County Schools Bus Garage – On-Road Diesel Qty 2 and Tank Size 6,000. Does this mean there are (2) 6,000-gallon tanks located at this site or does this mean there are (2) tanks with a total capacity of 6,000 together?

Answer: There are two 6,000-gallon tanks at this location.

2. Page 4 – Section 3 Statement of Needs 3.1.1 Delivery 1st bullet point – Tanks are to be resupplied at ½ capacity – Do any of these tank locations listed on Page 27 and 28 of the RFP currently have any tank monitoring system? If so, which locations?

Answer: All tanks currently have monitors on them that are owned by our current supplier. The County is open to suggestions for methods or monitoring systems that ensure tanks do not go empty. Please provide a description of what your company offers in your proposal.

3. Can Dinwiddie supply us with a delivery history on all these tank sites for 24 months with date and amount of fuel delivered? (Preferably pre-COVID and in excel)

Answer: The County has decided to release the information we do have regarding deliveries between 2018-2021. Please note that there is not complete data for all tanks and the data for Heating Oil and Off-Road Diesel is combined. See attached spreadsheet.

Note: A signed acknowledgement of this addendum must be received by this office prior to the due date and time, or must be attached to your proposal. Signature on this addendum does not constitute signature on the original proposal. The original proposal must also be signed per RFP instructions.
