ADDENDUM 002

September 16, 2019

ADA Ramps

20-B0014

One question has been received and answered on this project.

1. Due to the large liquidated damages value of \$150,000.00 per day please confirm the maximum volume of work that will be included in this contract, whether it is in the number of ramps or total square footage.
 - A. The liquidated damages has been reduced to \$500 per day. The \$150,000 was a standard in the specification book that was not changed prior to the advertisement date. As stated in the pre-bid meeting, the total number of ramps cannot be give due to the unknown of per ramp cost. The City has a set amount of money for this project. Based on the per ramp cost at the bid opening, we will install as many ramps as we can with the set amount of money. A standard number of 20 ramps is typical.

The bid opening time and date will remain the same, 2:00 September 17, 2019.

Thank you,

Ruth Burleson Garigen/Buyer
