

ADDENDA NO. 1

Reference: WENTZVILLE SCHOOL DISTRICT "Library Start-Up Collection for Journey Elementary School"

Release Date: June 12, 2020

RFB Number: RFB-P-JUN252020-159

To: All Potential Bidders

1. What are the number of classrooms per grade level?

K = 5
1st = 5
2nd = 4
3rd = 4
4th = 4
5th = 4
6th = 4

2. Besides independent reading books (one copy per title) do you need: read alouds, guided reading (6 copies of a title), shared reading?

Yes, to all of the above

3. Typically when Steps creates a custom classroom library-we do 25% of the books below grade level, 50% on grade level, 25% above grade level. And, 50% Fiction and 50% NF. Is this acceptable?

Since this isn't a classroom library and is the school library, the percentages will run differently. I would like 20 percent below reading level 60 percent on reading level, and 20 percent above reading level. I also would like the 60/40 percent as stated in the bid. 60 percent fiction and 40 percent non-fiction. This is due to the increase of utilizing online resources for research.
