Question	Response
The 220 trips that are listed some have more that will fit on one bus. How can we bid on the 220 trips per trip when some trips need 2 buses instead of one?	The bid line items are based on a per trip/route unit, as described in Bid Solicitation, Scope of Work. The 'Unit Price' on each Line Item seeks the Bidder's price per trip/route. Bidders are responsible for determining any factor relevant to performing an average trip/route, including equipment required.
Are the alternative routes the Summer school routes where the students will be taken to their homes?	No, all students are taken back to their specific summer camp facility, or 'Pick Up Location'. Please see Appendix A for round trip listing.
Can we just bid on one or the other?	Bidders may respond to any or all of the alternative route quantity range options in the Bid Solicitation.
If we say we could do a certain number of these trips, can we pick which ones that we cover?	The allocation of trips among bidder(s) will take place after the bid opening, during contract formation, and will be determined by the City of Chattanooga.
Do you have another list of the 220 trips that are in date order, or even pick up location order? For instance, all of Avondale's trips or all of Brainerd Rec's trips. The date order for instance, all the trips for all the centers beginning in June. (June 5th - Hixson Ctr., N. Chatt. Ctr., Carver Ctr., Cromwell Ctr., Glenwood, Tyner, Washington Hills, Eastgate all going on same day)	No
