Answers to Questions Received:

1. The Deadline for quotes has been extended until June 4, 2024 at 2 p.m.
2. On the Geotech report it shows 3 boring locations. Are any of these 3 locations where they are wanting us to put the scoreboard?  
Answer: When looking at Page 13 of the Geotechnical Report. The scoreboard should be installed on the side that says B-1. It should be placed in the center between the light poles. There are markers on-site that show where it should be installed.
3. Your bid document says markers are placed where the scoreboard should be installed. Is there a drawing or photo that shows that location?  
Answer: No, Page 13 is the closest drawing showing the location of the scoreboard. Vendors may visit the site on their own.
4. Do we need to provide any additional structural drawings?  
Answer: No
5. You mention contacting you for private utility marking. Is Dinwiddie County doing the private utility marking? Or do we need to hire a private utility marking service?  
Answer: We are under contract with a company that marks our private lines. Once you contact us, we will request the lines to be marked. Dinwiddie County will pay the cost for these services.
