

**HIGHLANDS COUNTY
BOARD OF COUNTY COMMISSIONERS
(HCBCC)
PURCHASING DEPARTMENT**

DATE: 5/23/17

BID NO. ITB 17-020 ADDENDUM No. 1

Project.: ASPHALT MILLING ON COUNTY ROAD 721

Owner: Highlands County BCC
Attn: Purchasing Department
4320 George Blvd; Sebring, FL 33875-5803

The purpose of this addendum is to discuss questions received from vendors.

This document contains 2 pages.

1. Water supply is to be provided by the Vendor?

Yes. A contact phone number we have for Lykes Brothers is 863-763-3041 – Mr. Noah Handley. Another possible source contact is Hidden Acres Nursery – 863-385-1325.

2. The work hours stated on page 18 of 41 indicates a work window of 8 hours. (8am - 4pm) Will the contractor be able to mill for the entire 8 hours or will the county require the contractor to stop before 4pm so it can clean the road surface and be off the road by that time.

The County will allow the milling contractor to mill for 8 hours each day and right up to 4:00 p.m

3. Our mills are capable of many more sy's per hour than the 1,000sy/hr stated in the specs. Will the county have enough trucks to keep pace with our mill.

The county will provide a minimum of 6 dump trucks per day and the milled material will only be hauled a few miles and stockpiled.

4. If surface laminations occur and we are directed to re-mill an area, will the county pay us for that re-mill. The contractor has no way to telling what the surface will do (de-laminate) and what your agent will want to do to correct it.

Hopefully lamination will not be an issue, but if so, Highlands County will take care of the area with our own equipment.
