Questions/Answers:

Question #1: Is there a way we can find information on the site(s) being considered for green roof installation and/or maintenance services?

Answer #1: The existing green roof systems PBA currently has are located at the following properties: KAT Transit, City County Building, and City Public Works.

Question #2: Is there any additional information available about the scope of work outside of what's in the RFP?

Answer #2: The scope of work covers the maintenance tasks needed for PBA's existing green roof systems. For all new green roof installations, project plans will be provided to the awarded supplier beforehand.

End of Addendum #1.

Addendum must be acknowledged in Tab III of the submittal.
