1. Questions from Bidders:

**A1:** Yes. The Contractor or its Subcontractor constructing the foundation and house connections must be a Certified Building Contractor or a General Contractor.
- Q2:** Please define what is required in an "as-built" drawing.  
**A2:** "As-built drawings" refer to a signed and sealed surveyed drawing that documents location/orientation, document differences in what is actually constructed versus what is shown in the foundation plans, and finish floor elevation.

2. All other terms and conditions remain the same.

The Bidder shall acknowledge receipt of this addendum in Section 7 of the Bid Proposal Form.
