We are looking for the best resurfacing option that will be durable and guaranteed for at least a 5-10 year time period.

**Subject:** tennis court bid

Hi Kimberly,

I have reviewed the bid documents for the tennis court work at Woodland Park. I have a question about this information. Do you have more details on the "Cushion/Matte Phase? like perhaps a brand name you are using as a basis for design? The description given doesn't provide enough clear direction.

Thanks for any assistance.

Lee Murray
