Addendum

SOLICITATION NAME	Section 8 Housing Quality (HQS) Inspection Services Q1713	ADDENDUM NUMBER	2	DATE	03-27-17
--------------------------	---	------------------------	---	-------------	----------

This addendum answers questions raised about this solicitation. To aid in readability, the questions are in black, the answers are in **bolded blue**, and the answers follow immediately below.

Q1	<p>The RFP states “KCDC may purchase the Elite Section 8 Inspections Module in the future.” Does this mean that KCDC will provide the successful proposer with the necessary user licenses for its inspectors’ hand held devices or is the successful proposer required to purchase the licenses?</p> <p>KCDC inadvertently left this in the solicitation document and suppliers are to disregard it.</p>										
Q2	<p>Emphasys declines to disclose inspection module pricing information to third parties and directs inquiries to KCDC. We intend to use Emphasys Elite Section 8 Inspection Module in any event so we would like to know the cost per user license. We would also like to know whether KCDC intends for this cost to be borne by KCDC in the event KCDC purchases the Elite Section 8 Module or would KCDC expect the proposer to reimburse KCDC?</p> <p>If an inspections group does not have an interface allowing directly import of inspections into Elite, they need to purchase the HQS software. KCDC will license the software for the inspections group and tell them which devices to purchase. Licensure costs are estimated at:</p> <table style="margin-left: 20px;"> <tr> <td><u>HQS Touch</u></td> <td>\$3,600 (\$1,800 each/one license is required per device.</td> </tr> <tr> <td><u>Annual Software Maintenance Agreement</u></td> <td>\$ 720</td> </tr> <tr> <td><u>Installation Services</u></td> <td>\$ 780</td> </tr> <tr> <td><u>Remote Consulting for Set Up & Training:</u></td> <td><u>\$2,040</u> (\$170 per hour, 12 hours)</td> </tr> <tr> <td style="text-align: right;">Grand Total:</td> <td>\$7,140</td> </tr> </table> <ol style="list-style-type: none"> 1.
