This addendum is being published to provide clarification regarding the above referenced ITB. This addendum becomes a part of the contract documents and modifies the original specifications as follows:

Items for Clarification:

1. Is the golf course association of builder's certification going to remain mandatory?  
**Yes, bidders should be certified with the Golf Course Builders Association of America or utilize a certified subcontractor for the restoration work.**
2. Our intention is to use a sod cutter to be able to replace with the existing turf, if we are unable to do so the turf will be replaced with the same material that is currently there  
**If sod is removed from the work area and replanted the sod must remain healthy and must reestablish itself to the satisfaction of the Golf Course Superintendent.**
