**Addendum #04  
October 26, 2020  
IFB 21-B0014  
T-Shirts, Shorts, and Sweatpants**

The purpose of this Addendum #04 to IFB 21-B0014 for T-Shirts, Shorts, and Sweatpants, dated October 15, 2020, and previously amended on October 20, 2020, October 21, 2020, and October 23, 2020 is to answer the following question:

1. Just curious here, the t-shirt description notates that the fire department logo will be screen-printed on the left side of the chest of all shirts per exhibit A and each shirt will ask for 2 color screen print on the back per exhibit B. However, items 1-48 only ask for 1 color screen print and items 49-72 ask for 2 color screen print. This could be interpreted as items 1-48 will only have 1 print location with 1 color ink and items 49-72 would convey 1 print location with 2 color ink. If items 1-72 each require front and back print locations with a 1-color front and 2 color back, should that not be listed on as a single item instead of separately since the bid calls for front and back print on all shirts?

The revised price schedule asks for the following:

<b>Item</b>	<b>T-shirt Color</b>	<b>Screenprinting</b>
Lines 1 - 24	White	Navy on both front and back
Lines 25 - 48	Navy	White on both front and back
Lines 49 - 72	Navy	White on front and red/white on back
